The Calligraphers' Guild of Southern Oregon
www.roguepens.org

Greetings Earthlings,

I mean Calligraphers. Wait, I mean watercolorists, I mean painters. Wait, I mean sketchers, journalists, scrapbookers, and artists of all stripes. I am sure I missed more than one or two or even more categories.

I think you all know me as the computer guy. Well my name is Michael Rowbottom and I am a wanna-be drawer/artist and maybe will try my hand at lettering some day, but it looks very challenging and intimidating to me. I am sure that one day in the future I will get over it, "Not".

I look forward to each and every meeting with enthusiasm and awe, as I continue to absorb like a sponge your ideas, expertise and magic from each of you.

I wanted to thank everyone for allowing me to be your Guild President and will do my best to help move us in the direction of greatness.

Thanks all,
 El Presidente
 Michael Rowbottom

“Inspired by the Elements”

~Water, Earth, Air, Fire~

Calligraphers' Guild Exhibit November 4-27, 2022
Art Presence Art Center, Jacksonville, OR
206 N. 5th St., Jacksonville, OR

Dear Members ... Art Presence Art Center has invited our Guild to be their guest artists featured in their gallery November 4-27, 2022

The theme chosen, by our Guild, for this November exhibit will be

“Inspired by the Elements” Water, Earth, Air, Fire.

This theme was to put focus on our planet. Perhaps the colors of a particular element or the different shapes of fire, water, etc. combined with a letter, word, calligraphic brush stroke or quote will inspire you to create a piece to hang in the gallery.

I hope all of you participate! This exhibit is open to ALL levels of calligraphers. Together we complement each other on the gallery wall.

If you have any questions or need help in anyway as you start this journey please call, text or email me. Stay tuned for future announcements in regards to this exhibit.

Sincerely,

Cynthia Griffin /Exhibit Chair

Addressing Envelopes

From: <http://www.marcuslink.com/pens/views/2013-04.html>

For a while, even though I wrote a letter with one of my fountain pens, I would always use a ball point pen to address my envelopes. Living in Vancouver, I was always concerned about the rain washing away the address.

But a number of years ago I received a good tip: use a piece of standard paraffin wax to wipe across the address. It nicely seals the ink from any moisture.

It worked, and what was best, here was a new writing accessory that is readily available and inexpensive - just get a box of standard canning wax available at more food stores.

A small piece of canning wax is part of my desk accessories. I keep it a small box on my desk, and now I give all my envelopes a couple of strokes and the address is sealed and safe!

Do wait to ensure the ink is dry but other than that, once it is, there is no smearing.

Just another way to fully use your beautiful fountain pens and inks.

Online zoom workshop with Linda Scheneider

Summer 2022

Members and guests enjoyed the May 21 program, featuring Calligrapher/Artist, Linda Schneider. There were sixteen in attendance, including three that were new to attending a guild program. I would like to thank each member that helped with this "Outreach" program. Many created flyers, posted flyers, invited friends and used Facebook to promote this Calligraphers Guild event.

Linda started the program with a short overview video. She demonstrated the press and release stroke method, using a pencil, then pen and moved on to using the Pentel Touch Flexible Brush marker. She used the Pentel marker to show us how to draw simple flowers, a heart wreath, a stroke sequence of her Formal Script handout and demonstrated the many ways to use the Liquid Chrome Pen on a variety of items and surfaces.

Linda talked about a way to "Create Smiles" and show kindness with your calligraphy. She showed a quick video, then demonstrated ways to make a simple "Thank You" note, by using a pocket size note pad, that she keeps in her purse. Linda created a simple flourish, added some flowers, wrote the person's name and wrote thank you. Sounds simple, but the impact that you make on a person is priceless. This is a great way to say a special thank you, to any person helping you, ie: waiter/waitress, cashier, doctors receptionist, postal carrier, airline personnel, and others you may want to personally thank for their service.

This was an action packed three hours, spent doing what we love. Linda ended the program teaching us how to sketch simple caricature faces with alternate eyes, noses, mouths and hair styles.

Michael was given permission to record the program and Linda E-Mailed him five handouts that are available to each of our guild members. To received the recording and/or handouts, send an E-Mail to Michael Rowbottom, President of the Calligraphers Guild.

Our Guild is a nonprofit organization that was founded in 1975 to provide a forum for the study and critical practice of calligraphy through classes, workshops, lectures and the interchange of ideas and techniques.

We welcome all levels of skill. The Calligrapher's Guild currently holds monthly meetings and sponsors workshops, lectures, exhibits and related activities.

Meetings are held on the fourth Saturday of the month, 10:00AM to Noon at Scrappy Craft in Phoenix, Oregon.

No regular meetings are held in June, July or December (June is our Summer picnic, July is vacation and December is our Christmas Party). The August meeting is a planning meeting for the coming year's calendar. If you have questions or need further information you can contact anyone listed on this page or find us at RoguePens.org. or on Facebook at Rogue Pens.
